

## A Note to Muslim Visitors

The material on Islam found at this site is written by one who does not believe Muhammad to be a prophet of God. I realize many Muslims are insulted to hear that; but then you would tell me that Jesus Christ did not die for the sins of the world. I don't believe you intend to insult me with your conviction. And I hope you realize that I am not trying to insult you.

As I deal with Muslims I have found them to be quick in their criticism of the Bible. I have no problem with that, if the same courtesy is afforded to me in making my observations about the Quran. I love truth, and am willing to hear valid criticisms offered out of a sincere concern for my well-being. But I also offer such to others because of my sincere concern for their well-being.

I hope that you will receive this material in the spirit that it has been given. My longing is for your eternal well being.
